ABOUT ME

I have been working in the industry as a Web Developer & Designer for about 6 years, and for the past 2 years, I have specialized particularly in mobile app development using React Native. Throughout this period, I aim to bring value to the projects I've been involved in by utilizing technologies such as HTML5, CSS3, SCSS, JavaScript, React, React Native, and Next.

I reflect my dedication to delivering swift, highly interactive, and seamless user experiences by creating modern and user-centric designs that captivate your clients' attention. I integrate design and development processes to comprehend your clients' needs and provide the best solutions.

EDUCATION

Management Information Systems
Anadolu University Open Education Faculty
